Replace existing wooden bench
(with rot?)

Dear Mrs Houghton

Re: Alexandra Gardens, St Dogmaels

I am writing to you and St Dogmaels Community Council to see whether it would be possible for you to grant permission for my brother ~~Rhys Bowen~~ and I to put a new bench on the green in memory of my late parents ~~Tom~~ and ~~Ann Bowen~~.

As I am sure you are aware, my late father spent a lot of time down there looking at the river and reminiscing with his friends over the years, and spent his life collecting photographs and learning about the river, and was always too happy to share his knowledge to everyone who would listen.

We would ensure that the bench would be made of heavy duty wood and would be strong and durable, and only recyclable materials would be used. We would be prepared to maintain the bench ourselves with protective coating if need be. We would also like to put a small plaque with their names on it.

willing to use recycled throughout

I have enclosed a small photograph of my father sitting on a bench not too long ago, and everyone who knew him would probably remember him sitting here. Wouldn't it be wonderful if we had the opportunity to replace this bench? How he loved this place, and lived here happily for 50 years with my mother, and spent his childhood growing up here too.

Many thanks.

Yours sincerely
