

**Alexandra Gardens, St Dogmaels - Site visit on 3<sup>rd</sup> June 2015**

**September 2015 – maintenance agreed**

Attended by: Mr Jon Turner - NRW  
Mr Richard Staden - PCC  
Cllr Elfyn Rees - Chairman of Community Council  
Pembs CC Mike James  
Sue Houghton - Clerk to the Community Council

1 – remove ‘garden’ species, Box Leaved Honeysuckle (*Lonicera nitida*) and Pheasant Berry (*Levcesteria Formosa*)

2 - Blessing stone area: Remove young tree – leaving ‘bowl’.

3 – trim back to fence height to preserve view.

4 – trim back to between first and second rail height to preserve view

5 - Trim to between first and second rail height preserving young oak

6 – thin along fence line (and a little further back) to open up

7- White poplar

Take out dead wood on right hand side

Remove small trunk on left to allow space for adjacent trees

8 – refers to monitoring further White poplar – no current work involved

9 - Cut back to between first and second rail height preserving two young oaks either side which should, eventually, frame the view to Cardigan
