Minutes of Previous Meeting

The Minutes were accepted as a true record.

### **4. Work Already Undertaken**

In addition to CC representatives at the Multi Forum Flood Group Meeting, only a representative from the office of Stephen Crabb MP and from the St Dogmaels Multi Agency Flood Forum were present.

The committee was updated by a CC representative. It was advised that representatives of BV Rees had been consulted and would advise the Flooding Committee of any flooding incidents taking place during business hours.

It was reported that there had been only 2 flooding instances throughout the winter despite it being an extremely wet period. The dredging and clearing of the outfall carried out by PCC appeared to have been a success in that it was allowing the water to disperse rather than backing up. Water had been observed to rise across the road but the levels soon receded once the rainfall stopped. This was not happening before PCC carried out the work. No reports had been received from BV Rees about additional flooding.

It was agreed that given minimal flooding and limited follow up actions that the Flooding Committee would meet on an 'as required basis'. Therefore, continued monitoring of the situation would be undertaken and flooding incidents would be reported at full council meetings.

### **7. Correspondence / Gohebiaeth (to include consultation documents not covered under any other heading)**
