

Website and email registration 2023

	Website dom reg	Renewal biannually	Email	
Vision ICT Ltd	135	90	18 per address per year	
Cloud Next	49.99 + VAT per year (this includes up to 25 email accounts)	£110	49.99 for up to 25 addresses per year	
Telemat	120 for first two years	80	MS Business standard license Clerk 5.88 (Office 365)per month Cllrs Exchange online 3.96 per month Labour for set up 110.00	

Cllrs should note that the Council pays biannually for domain name registration and this would lapse in due course.

Reqeusted

.gov.wales domain name

.gov.wales email, perhaps initially as a standalone option if the current websites cannot be transferred to the .gov.wales due to current hosting agreements.

Both Councils currently have websites

stdogmaels.org - hosted by Astutium, hosting recently renewed

Cloud Next

Pricing

.gov.wales domain name - £110 + VAT per two years of service

Email Hosting - £49.99 + VAT per year (**this includes up to 25 email accounts**).

As mentioned on the call the **domain name** would need to be:

stdogmaelscc.gov.wales

llangoedmorcc.gov.wales

email access this can be done through almost any method including:

PC – Outlook (or other similar software).

Mac – MacMail, Outlook or other similar software

iPhone/Android/Smartphone
iPad/Tablet

Also the email can be accessed online using a web browser similar to gmail/Hotmail/yahoo.

Possible email addresses

Some options you could choose are (**please read llangoedmorcc as appropriate**)

suedavies@stdogmaelscc.gov.wales

cllr.davies@stdogmaelscc.gov.wales

[mailto:cllr.s.davies@]cllr.s.davies@stdogmaelscc.gov.wales

cllr.sue.davies@stdogmaelscc.gov.wales

cllsuedavies@stdogmaelscc.gov.wales

really the options are up to you to decide, there is no set formula.

Current site

In terms of transferring the existing website we can do this for you, we would just need the WordPress login details which you use to login here:

<https://stdogmaels.org/wp-login.php>

and we can transfer this.

The alternative is we can “point” the domain name to your existing hosting provider and they can change the domain name on the existing hosting they provide to you.

Vision ICT

Sites will have to use the new domain as well as having email set up on it.

All your hosting companies need to do is to let us know the IP addresses for the A records so we can add them to the new .gov.wales domains.

Pricing

gov.wales domain renewal and set up is now as follows after the price increase:

£135 for registration

£90 renewal every two years if we just do the domain for you

The renewal fee reduces if we also do your website. This would then be £65.

Each email address would be £18/year.

Not necessary

If you need to migrate email from your existing accounts to the new .gov.wales ones, this costs £25 for each account being migrated. There are certain addresses that we are not able

to migrate from. Also migrations will only take the messages and folder structure of the accounts; contacts and calendar information will not come across.
